

# Introducing ET Australia Secondary College

---

An independent Year 7 to 10 high school equipping students from the Central Coast and beyond with the skills to be successful in employment and/or further studies.

# Why Choose ET Australia Secondary College

ET Australia Secondary College provides a supportive learning environment allowing your child to excel, regardless of the challenges they may face.

Students will thrive in a small school environment where the teaching focus is all about preparing students for the world of employment and ongoing study.

With a safe and supportive learning environment allowing ethical and behavioural self-management skills to be integrated into student life, students will have the ability to concentrate on achieving their best results.

## The School Curriculum:

- English
- Mathematics
- Science
- Human Society & Its Environment
- PDHPE

- No student catchment area restrictions
- Only a 500 metre walk from Gosford Station and accessible by public transport from all parts of the Central Coast
- Accessible on-site facilities for all Year 7 to 10 Secondary College students

## The Benefits of Sending Your Child to ET Australia Secondary College:

- ✓ A safe and supportive learning environment.
- ✓ A high school curriculum with an academic focus on literacy, numeracy and work ethic.
- ✓ Students are supported with a high staff to student ratio of qualified teachers and support staff
- ✓ A learning support network providing students with one on one tailored learning opportunities delivered alongside classroom teaching.
- ✓ Students are treated as individuals with no school uniform requirement.
- ✓ After school tutoring available to students at no extra cost.
- ✓ Access to school scholarships depending on your circumstances.
- ✓ Accessible on-site facilities for all Year 7 to 10 Secondary College students.

We have seen a huge difference in Caitlyn's self-esteem and self-worth since attending the College...

Parents of Caitlyn, Year 9

“

Its great here, not like other schools, you come here and learn, you have lots of friends...

Paxton, Year 10

No uniform means you can express yourself and say this is me.

Soloman, Year 8

## The Right Level of Support for Students

One of the keys to a student's success is providing the support level that's right for them. For some it could be regular assistance. For others it could be space so they can work it out for themselves. We have a flexible support system that is tailored around the student to give them what they need and allow them to focus on their studies.

### ET Australia creates a safe and supportive learning environment through:

- High staff to student ratio
- A no bullying policy which is enforced by teachers
- Individual student support plans
- Access to mentoring

## Scholarships

ET Australia Secondary College awards a number of scholarships to school students attending the College. Scholarships are awarded to students due to financial hardship and can cover up to half of a student's annual school fees. Scholarships are funded by generous Central Coast businesses and citizens supporting continued education in our community.

## Students With Responsibility & Individuality

We empower students with a balance of freedom and responsibilities. With less 'shackles' teenagers can turn their focus towards learning.

### No School Uniform

We believe it's important students maintain their individuality and can express themselves.

### No Homework

All assignments and schoolwork are completed during school hours removing conflict points and stress outside of school. There are no heavy textbooks to carry to and from school.

### First Name Basis With Teachers

Treating students like adults teaches respect and encourages workplace etiquette.

## Preparation for the Real World

ET Australia Secondary College is focused on equipping students with the skills to be successful in school and after school. Many of our graduated students go on to complete their HSC, while others choose to enrol in adult training courses or gain employment.
