

CHC33015

Certificate III in Individual Support (Ageing)

Overview

This program has been designed to meet an industry need for entry level care support workers in the aged care sector.

The training is subsidised by the NSW Government under the Smart and Skilled initiative (eligibility criteria applies).

This accredited qualification reflects the role of workers in the community and / or residential setting who follow an individualised plan to provide person-centred support to people who may require support due to ageing.

Students will learn how to meet the personal support needs of the older person, support their independence and well-being, use safe working practices for direct care work, and will learn how to work effectively in the aged care sector.

The combination of classroom-based learning with work placement provides the foundations required to work with aged people.

During the program, students must complete a minimum of 120 hours of clinical placement providing direct care support in at least one aged care, home and community, or community services organisation. Students will practice their skills under supervision in an aged care facility. Placement will help students to develop and consolidate skills and knowledge in a clinical environment. Placement also allows students to become familiar with employer expectations and broaden industry understanding. 100% attendance of placement in an aged care facility is required.

Entry Requirements

There are no formal entry requirements for this qualification however all successful applicants will be required to undertake a criminal history check to meet workplace regulatory requirements.

The Australian Government Department of Health and Ageing requires that any person who provides care within an aged care service must have a police check prior to being present 'on site'. Students must not have previous convictions which would exclude them from working in the aged care sector as outlined in the Aged Care Act 1997 (murder, sexual assault, any other form of assault which has resulted in a sentence of imprisonment or any other conviction which would be considered, on the basis of risk and relevance, to render them unsuitable for a vocational placement in an aged care setting).

All applicants are required to complete an application form and must attend an interview for selection into the program. Interviews are conducted with each applicant to determine their suitability for the program and to ensure the program meets their career aspirations.

Aged care work can be emotionally and physically challenging and is very hands on. Applicants must have the functional capacity and fitness to perform the tasks and duties necessary to work in the aged care sector. Applicants who, due to fitness or functional capacity, would place themselves or others at risk of harm or injury would be unsuitable for the program.

Students must have the physical capability to be able to perform cardiopulmonary resuscitation (CPR) for 2 minutes on a manikin placed on the floor to meet the necessary criteria for the first aid unit of competency which is included in this program.

It is recommended that students have sound computer skills (as computers will be used on occasion during the program).

Applicants are required to have sufficient language, literacy and numeracy skills and it is recommended that applicants have good communication and interpersonal skills.

All applicants must be prepared to participate in work placement. Participation in a minimum of 120 hours of work placement is required to successfully complete the qualification.

In order to complete the practical components of this program applicants must demonstrate a level of maturity and discretion.

Students must be prepared to undertake learning and assessment activities outside of the scheduled face to face classroom training sessions. As a guide, students should expect to spend as many hours outside of the classroom as they do inside the classroom to complete additional learning and assessment activities.

Some of our partnering host work placement facilities require students to provide immunization documentation prior to being present on site. Given this, we request that at a minimum student have a flu vaccination and the commencement (at least) of Hepatitis B. These vaccinations / immunizations must occur prior to the first block of placement which occurs in week 6 of the program.

Employment Opportunities

Following are examples of employment opportunities that may be available on completion of the program: -

Accommodation Support Worker, Assistant in Nursing, Care Assistant / Worker, Care Service Employees, Nursing Assistant, Personal Care Assistant, Residential Care Worker

Further Study

Students who successfully complete this qualification may choose to further their studies to a higher level in a related area such as CHC43015 Certificate IV in Ageing Support.

Students who successfully complete this qualification may also choose to further their studies at the same level and undertake units from the specialised elective unit streams available within the CHC33015 Certificate III in Individualised Support qualification e.g. Disability specialisation.

Students may elect to further their studies in more specialised qualifications at a higher AQF level from the Community Services Training Package.

Structure

This program combines classroom-based sessions with work placement in an industry facility. On the job training is integrated throughout the duration of the program.

Students are required to participate **in all** scheduled classes unless arranged otherwise with an ET Australia Representative.

Students are required to complete a minimum of 120 hours of practical placement in an aged care setting. This is mandatory for successful completion of the qualification. The 120 hours will be achieved during the scheduled work placement blocks.

Training Days: Classroom days – Tuesdays, Wednesdays, Thursdays
(2 blocks of work placement will be integrated throughout the program)

Dates: 15 June 2021 – 26 October 2021

Please note, if 120 hours of work placement hours aren't achieved during this training period, students will have the opportunity to continue the work placement to complete the remaining hours.

Venue: Young Parents Hub, 2A Amy Close, Wyong (for classroom-based sessions)

Host work placement venues to be confirmed.
